SydWest Multicultural Services Inc.

SydWest Multicultural Services Inc is a non-profit community association which provides assistance and services for the relief of poverty, distress and misfortune to disadvantaged and marginalised people in the Western Sydney area. They assist refugees and humanitarian entrants during critical times.

SydWest Multicultural Services Inc was established in 1985 to assist with the settlement needs of refugees and humanitarian entrants in the Blacktown Local Government Area.

Since then, their support services have developed and expanded to meet the wide variety of needs and challenges experienced by culturally and linguistically diverse people in the Western Sydney area. Services now include a rapidly growing aged care and disabilities program as well as support of young families.
